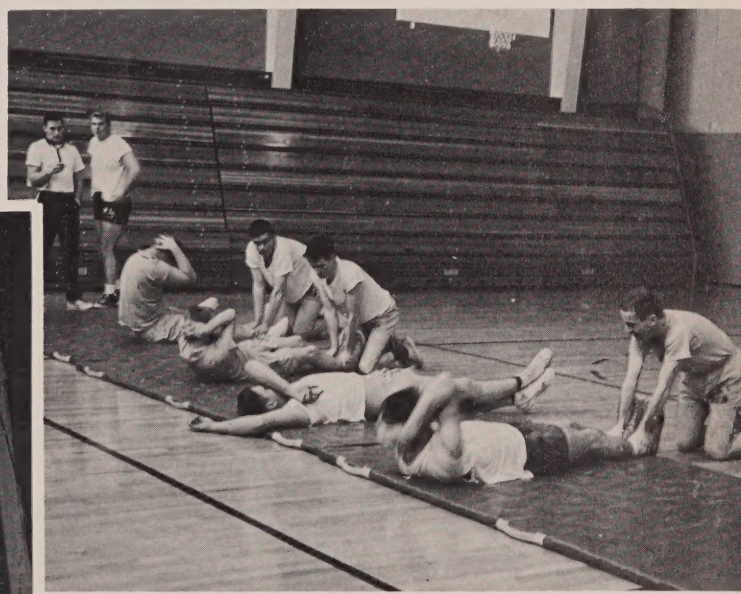
PHYSICAL EDUCATION

A sound body as well as a sound mind is important in our modern world. Physical fitness is the aim of the Physical Education Department at Barnstable High. This aim is achieved through the use of a balanced program of calisthetics, gymnastics and competitive sports. Periodic checks are taken to measure the student's progress in improving himself physically, and recognition is given for outstanding progress in self-improvement.

He flies through the air with the greatest of ease!



"Don't give up now; you've only got fifteen more to do!"

SENIORS

What together we can
do for the freedom of man."

Annals of the class of 1961

Each of us in the years ahead will make a contribution to the history and heritage of America. Few of us, perhaps, will have a great influence on the history of our country, but none of us can escape making some contribution—however small—to the heritage we have been given. For each of us, the four years of high school will be the basis, the foundation, of what we will do and what we will become. Let us briefly review these years of high school.

In the fall of 1957, the Class of 1961 timidly entered a new high school and began to prepare for its contribution to this heritage. For two years we had watched the upperclassmen with anticipation and awe. Now we were finally allowed to choose our own courses, take the Iowa Tests, and participate in a few activities. Mr. John Donahue was elected our class adviser; John Sanford, our president. Our class secretary was Susan Converse; our vice-president, Janet Murphy; our treasurer was Eileen Shields. Edward Crawford was elected to the Student Council.

We called our first dance the Spring Swing. Suzie Howes was chosen its queen.

We began our sophomore year with much greater confidence in our capabilities than we had shown a year earlier. Mrs. Camille Beale was our new adviser, John Sanford and Janet Murphy remained as president and vice-president, and Linda Parker and Sharon Lewis were elected to the posts of secretary and treasurer. Our two Student Council members were Carolyn Atwood and Joy Kittila.

The Student Council sponsored a Model Town Meeting in the auditorium, where issues relating to the students were discussed by the students and voted upon.

Some of our class members were elected to the Key and Code Clubs. Others took to the ice of the Kennedy Memorial Skating Rink as members of the new hockey squad that was to have an amazing growth under the leadership of Coach Elliott MacSwan.

Linda Parker was chosen Queen of our Sophomore Dance, Winter Wonderland.

We began to look at the financial side of things, and, to bolster the class treasury, we sold coffee and doughnuts at Town Meeting.

The arts were well represented at Barnstable when the school was host to the All-State Music Festival in April. The Dramatic Club, formed the previous year, put on a play, **Sunday Costs Five Pesos,** in which Gillette Alvin showed that a sophomore could act with any of the seniors.

We were a united class when we returned as Juniors. We chose Arthur Linnell president, Janet Murphy vice-president, Sharon Lewis treasurer, and Linda Parker secretary. Mary Jane Murray, Carolyn Atwood, and Joy Kittila were elected to

the Student Council. Receiving class rings reminded us that it was time to begin thinking of our life plans. But there was plenty of time until graduation, and we would make the best of it.

The Candy Sale added to the class coffers, and midyears, given for the first time that year, added to the class woes.

This was the year that the school was honored by the visit of Mr. Raghunath Prasad Sharma, of Agra, India. He had come to this country as an exchange teacher under the International Teacher Development Program, which chose Barnstable as one of nine Massachusetts schools to participate in the program.

This was also the year that both boys and girls brought home the basketball championships.

This was a year of conventions, when Barnstable was host to the Student Council Convention and the Southeastern Massachusetts Key Club Convention.

Paul Sullivan and Terry Rogers were chosen to participate in the American Model Congress at Springfield, and Marc Auger and Marcel Poyant represented the school at Boys' State at Amherst.

John Collucci, aided by Sheila Owens and many of us as busboys and waitresses, made the Spaghetti Supper, the first of its kind, one of the most memorable events of our high school years.

The high point of the year was the Junior Prom, the theme of which was **Somewhere Over the Rainbow.** Suzie Howes was elected Queen, with Jo-anne McManus, Linda Parker, Judy Canning, and Greta Vendt in the Queen's Court.

Then it was our senior year. The same officers held the reins. Marc Auger, Sandy Campbell, Joy Kittila, and Mary Jane Murray were elected to Student Council. Marc was also elected Editor-in-Chief of the **Barnacle.**

Wesley Ward headed the Key Club, and Joy Kittila led the Code Club. Karen Kellog, Courtney McMahon, Gillette Alvin, and Carolyn Atwood ran the WOCB Platter Party. Key Club Sweethearts were Sharon Lewis and Mary Jane Murray.

Janet Murphy received the D.A.R. Citizenship Award, Paul Sullivan won the American Legion Oratorical Contest, and Mary Jane Murray was named Betty Crocker Homemaker of the Year in the school. Arthur Linnell was elected our school's representative at Student Government Day.

Four students — Wesley Ward, Arthur Linnell, Ruth Ann Byers, and Paul Sullivan — were finalists in the National Merit Scholarship Competition. Three—Marc Auger, Alan Doyle, and Joy Kittila — were named to receive Letters of Commendation.

We held a magazine campaign under the guidance of Miss Louise Hayden. Later, we put on our Senior Dance.

A course in Public Speaking was offered for the first time to the juniors and seniors. Under the leadership of Mr. Warren, who taught the course, many students took part in speech festivals throughout the state.

We followed the lead of the previous class and elected two members from each homeroom to serve on an executive board to conduct class business when a class meeting could not be called.

Now we ready ourselves to become part of the American Heritage. We leave high school for jobs, for marriage, for the service, for higher education. Yet we find that we can never really leave our school behind. All through our lives we will remember the little things that have made our years here so memorable. Rallies in the gym . . . Mr. Dwyer's intestinal fortitude . . . lunch table discussions . . . the Prom dinner at the Neptune Room . . . occasional detention . . . odd smells in the Science corridor . . . freezing at hockey games . . . going to school Saturdays . . . assemblies . . . dances . . . sports . . . parties . . . memories . . . Barnstable High School.

Done this ninth day of February,
Ninteen hundred and sixty-one

ARTHUR THOMAS LINNELL

"Sincerity and faithfulness, the highest things."

The theme of Arthur's high school years has been excellence in whatever he has attempted whether it be in sports, scholastic work, or the class presidency. As class president he has been a tireless worker and an inspiration to all of us. His close friends know him as a thoughtful, sincere, well-rounded person who enjoys dances, sports, and parties as well as reading and writing. Arthur is genuinely sincere in his attitude towards his work, his friends, and life itself. He seems to have found the formula for true success.

Class President 3, 4; Key Club 2, 3, 4; Student Government Day 2, 4; Soccer 3, 4; Track 2, 3, 4; Finalist in National Merit Scholarship Competition.

JANET SARAH MURPHY

"Radiant in gladness."

Take shining red hair, a warm smile, friendly freckles, a lilting laugh, and you have Janet. With her gracious personality, she always has a kind word for everyone. Janet's interests are widespread. She has been our class vice-president for four years as well as a familiar figure leading the cheerleaders in a cheer for the team. Janet also has a serious, thoughtful, attitude towards her studies. She plans to teach. Lucky pupils!

STUDENT COUNCIL

The spirit of democracy is one of the precious legacies of our American heritage. In line with this, the Student Council this year organized and directed a town meeting assembly in which students were able to voice their opinions about various school situations and problems. They also took charge of all student elections and maintained a suggestion box. Eleven members are elected to the Council: one freshman, two sophomores, three juniors, four seniors, and one member from the trade school. The faculty adviser for the group is Mr. John J. Kilcoyne.

FRENCH CLUB

All the laughter that is France has been brought to Barnstable High through notre Cercle Francais. Songs, stories, games, and just plain conversation — all have their place in this club. The major activity this year was the production of an original play, "The State vs. Julius Greene," written entirely in French by Marcel Poyant. This was presented at an assembly in April. Club oficers were Marcel Poyant, president; Arthur Linnell and Ann Shields, vice-presidents; and Eileen Shields, secretary. Mrs. Ghislaine Longyear was the faculty adviser.

Our American heritage is made up of men, deeds, and words. Happenings of the past have been made a liiving part of life today. The **Barnacle** literary staff has sought to record the happenings of our class and school; for these will soon become a part of our own heritage. In doing this, members of the staff have looked back into the past and searched into the future. The art staff has illustrated our theme, the typing staff has efficiently prepared the manuscript, and the advertising staff has raised the funds necessary for our book to become a reality. Our country has become great because it has always used the combined talents of many people. It is in this spirit that the 1961 **Barnacle** has been produced.

ORCHESTRA

The Barnstable High School Orchestra, directed by Mr. Simon Gesin, is made up of twenty musicians playing a variety of musical instruments. Among them are violins, clarinets, trombones, and flutes. Throughout our school years these young people have taken part in everything from Christmas assemblies to the very lovely assemblies on music. The high point of the year, however, is the same for them as it is for us — the pleasure of playing at graduation.

This year, besides taking part in the Veterans' Day and Santa Claus parades and marching at football games, the band presented its first inside band concert at one of our assemblies. The majorettes added color and sparkle to this fine outfit. Mr. Robert Frazier is the director of the group.

With public officials demanding more education for teenage drivers, we are indeed most fortunate to have the Driver Education course which is taught by Mr. Frederick Cameron. This program has produced many safe, courteous drivers.

Board meetings are called whenever it is necessary to act upon pressing issues.

A look into the past - the class of 1893

"O say, can you see . . ."

A part of our American heritage is the history of the school we attend. THE B.H.S. TRADE SCHOOL

Boys on Cape Cod interested in automobile mechanics, boat-building, carpentry, electrical work, or plumbing may attend the Barnstable Trade School. The Trade School offers instruction and training in each of these trades — not only in the classroom, but also in the shop, and on various jobs. In addition to receiving a High School diploma, boys who satisfactorily complete this course receive a vocational school certificate which enables them to start in their trades as advanced apprentices.

From them, these boys have learned good sportsmanship and an appreciation of physical fitness.

Coach "Dinny" Dwyer's cagers posted a fine 13-6 overall record and achieved second place in the Cape Cod League. Paul Bisbee led the scoring for the Red Raiders; Captain Wes Ward and scrappy Bob Delano led the rebounding. Play-makers Ray Stackhouse and Barry Fernandes switched at guard with "Skip" Clowery and Joe Macomber. Jeff Crocker and Al Faria saw much action; Russ Jacobson, Ken Burke, and Bobby Watters provided reserve strength.

Among the better games played by the Raiders this year were the following: a long-awaited win over Wareham, a sparkling win over high-flying Dennis-Yarmouth, and an overtime win over powerful Bourne on a last-second drive by Stackhouse.

Barnstable lost to Bourne in the first round of the Principals' Tournament and to Scituate in the opening round of the Tech Tourney.

The girls have won it again! The Raiderettes have won the Cape Cod Principal's Tournament for the third straight year and have earned permanent possession of the Principal's trophy and the Elk's trophy.

During a period of three years the driving Raiderettes have attained a stupendous record of 38 wins and 2 losses. The only loss this year was a slim one to Sandwich but the Raiderettes defeated them once during the season and gained a decisive victory in the playoff.

Under the skilled leadership of Miss Katherine Nehubian the Raiderettes have continued the long succession of victories to add even greater luster to an already distinguished basketball record.
